STYLE • QUALITY • EXCELLENCE

These words may seem simple but they are the exact traits that BODY WEAR MANUFACTURER (M) SDN. BHD embodies. We offer simple corporate wear that comes with style, ensure that the quality of our end products are nothing less than brilliant and we constantly strive for excellence when it comes to meeting clients' expectations.

ABOUT US

BODYWEAR MANUFACTURER (M) SDN.BHD officially launched on 19th December 2003, under the Certificate of Incorporation, No: 637550-A.

Located in Padang Serai, Kedah, we have grown and are one of Malaysia's largest suppliers of garments and uniforms for industrial, government, semi government and private sectors.

Now, we are proud to be in a 45 accruals factor with a total of 65 employees and 93 sub-contracts.

Our management is mainly responsible for Cost Awareness and Control. Our approach to marketing management is to encourage a more solid team involvement, positive thinking, the ability to exude creativity and to be pro-active. We also strongly emphasise on value-for-money= and value added services rather than superficial cost-saving.

It has always been our objective and commitment to maintain customer satisfaction by providing top notch quality, reliability, along with the best prices in the market. What gives us the extra edge over other manufacturers? Our motto - Continuously strive for

OUR VISION

To be a leading supplier of garments and uniforms for Industrial, Government, Semi Government and Private Sectors.

OUR MISSION

Continuously strive for improvement and satisfying the needs and expectation of clients in a mutually profitable manner.

OUR JOURNEY

We started out in a humble double story house that was part store and part office. Back then, there were 30 general staff, working hand-in-hand with the management to cater to both placed orders and suppliers, and ensure that clients' orders are completed. It took almost six months before our business was set out on the right path, and before long, our brand successfully made its mark in the industry.

Initially aimed to produce uniforms for all industrial factories around Kedah, Penang and parts of Perlis, we have further developed and diversified market forces into government and semi-government contract as well as providing other reliable products which are equally sellable in today's market. Next, we went on to introduce industrial safety wear products that derive from personal safety and anti-static products which are widely used by many hi-tech electronic, medical and food manufacturers.

T-SHIRTS

TC

ROUND NECK

V NECK
